 - **Relevant Courses:** Corporate Finance (4.0), M&A (4.0), Financial Statement Analysis (3.7), Marketing Management (3.7)
- University of International Business and Economics | Bachelor of Finance** Beijing Sep 2021 - Jun 2025
- **GPA:** 3.92/4.00, **Ranking:** 2/163
 - **Relevant Courses:** Investments (95), Financial Statement Analysis and Valuation (94), Fixed Income Securities Analysis (92)
 - **Honors:** Outstanding Graduate (2025); National Scholarship (2024), Xiaomi Scholarship (2023), Mizuho Scholarship (2022)

INTERNSHIP EXPERIENCE

- Shenwan Hongyuan Research, Equity Strategy Group | Research Intern** Shanghai May 2026 - Present
- **IPO Research:** Authored IPO subscription and pricing reports for STAR Market technology companies, constructing fundamental analysis frameworks covering industry dynamics, technological barriers, client quality, and capacity utilization, including Zhenbao Technology, a semiconductor equipment components supplier, to support AHP scoring and valuation
 - **REITs Research:** Conducted due diligence on the Guojin Jiaze new energy REIT, dissecting core valuation drivers including power generation forecasts, curtailment rates, tiered electricity pricing structures, and discount rate sensitivity; built DCF-based valuation models to assess long-term cash flow predictability, while tracking operational data for expressway and new energy REITs
 - **Private Placement Research:** Compiled institutional bidding data and evaluated investor participation patterns for private placement deals, applying a multi-dimensional scoring framework to support investment recommendations
- Harvest Capital, Alternative Asset Management Division | Product Management Intern** Beijing Oct 2024 - Dec 2024
- **Asset Management Plan Operations:** Participated in full-cycle operations of structured products linked to broad-based indices (e.g., CSI A500 Index) and OTC gold options, including product design, strategy positioning, and target profit-taking mechanisms. Assisted in drafting sales collateral and legal documentation for regulatory compliance
 - **Product Promotion & Client Engagement:** Designed promotional materials, such as one-pagers, posters and H5 invitations for private banking and retail banking channels, focusing on four product series. Enhanced visual communication for roadshow presentations and supported several high-net-worth client events, including investment seminars and strategy briefings
- Soochow Securities, Consumption Research Group | Research Intern** Beijing Feb 2024 - Jun 2024
- **Industry Research:** Conducted research on the duty-free and outbound tourism industry. Collected information and data on Hainan airport and scenic spots, and outbound consumption patterns of Chinese tourists. Compared the 4th quarter and annual figures of 2023 with the same period in 2019, proposing that offshore duty-free and outbound tourism have recovery potential
 - **Company Research:** Focused on listed companies in the hotel industry such as Junting Hotel, familiarized with the direct, commissioned, and franchise business models, understood brand positioning and multi-level product matrices, tracked key indicators such as ADR and RevPAR, and became familiar with the valuation systems such as PE and PEG
 - **Summary Compilation:** Participated in expert exchange meetings in the duty-free industry, and completed meeting summary
- SDIC Securities Research Center, Industry Group | Research Intern** Beijing Jul 2023 - Oct 2023
- **Industry Research:** Reviewed over 20 cutting-edge articles and more than 10 industry research reports in the field of biotechnology, and conducted an industry chain analysis. Specifically focused on the applications of non-grain biomass, synthetic biology, and AI technology. Independently completed a draft report of over 35 pages and prepared a corresponding PPT
 - **Company Research:** Examined revenue data and textual information from annual reports and prospectuses. Analyzed the industry's development status and collected public data as supporting evidence. Wrote initial coverage reports on companies such as Fengguang Precision on the BSE, and acquired proficiency in building and using company valuation models
 - **Monthly Report Compilation:** Tracked market news in sectors such as pharmaceuticals and macro-economy

RESEARCH EXPERIENCE

- Practical Application Report on OTC Derivatives at COFCO Futures | Project Leader** Beijing Apr 2024 - Jul 2024
- Conducted a comparative analysis of policies, regulations, and specific business practices of OTC derivatives domestically and internationally, focusing on business practices and their effectiveness in serving real enterprises and collective farmers
 - Participated in on-site visits to COFCO Futures, attended lectures on the structural design and risk hedging strategies of OTC derivatives, and explored case studies of "Insurance + Futures" applications

OTHER EXPERIENCE

- **Class Representative (2025 - Present):** Collected student feedback at UK campus and liaised with faculty. Assessed fitness needs and coordinated across students, faculty, and gym operators to deliver recommendations that secured additional gym equipment.
- **Deputy Minister of Volunteer Service Group (2021 - 2023):** Arranged departmental work, organized welfare activities such as Volunteer Month, with a total volunteer service time exceeding 150 hours. Awarded Top Ten Volunteers of School
- **Languages:** TEM-8 (76), CET-6 (613), IELTS (7.5, Speaking 7.0)
- **Interests:** Guzheng (Level 10), Flute (Level 10), Swimming, Table Tennis
